Dear Provost Coatsworth,

Thank you very much for your response. It is encouraging to know that you share the desire to participate in a conversation where graduate workers can hear arguments in favor of unionization, as well as the administration's arguments against it. Regarding your suggestion, we understand that the Student Advisory Council of the University Senate has voted to offer itself as a moderator in this debate between you and a representative from the Graduate Workers of Columbia. We would like to meet in the coming week to sit down and discuss the date and parameters of this debate. We could have (a) representative(s) available on Monday, Tuesday, or Wednesday next week to work out details. Please let us know a preferred day and time as soon as you can, so that we can proceed.

Sincerely,

Graduate Workers of Columbia (GWC-UAW Local 2110) Organizing Committee
